

User Registration and Login – Single Sign-On (SSO)

A. Registration for a Terex Single Sign-On User Account

In an effort to reduce complexity for customers and simplify the user experience with Terex— A new login system is being implemented in our digital platforms. This effort begins with our most widely used platforms and will continue to be expanded in to other Terex platforms and sites.

Once registered – This single Username & Password will work across any connected platform.

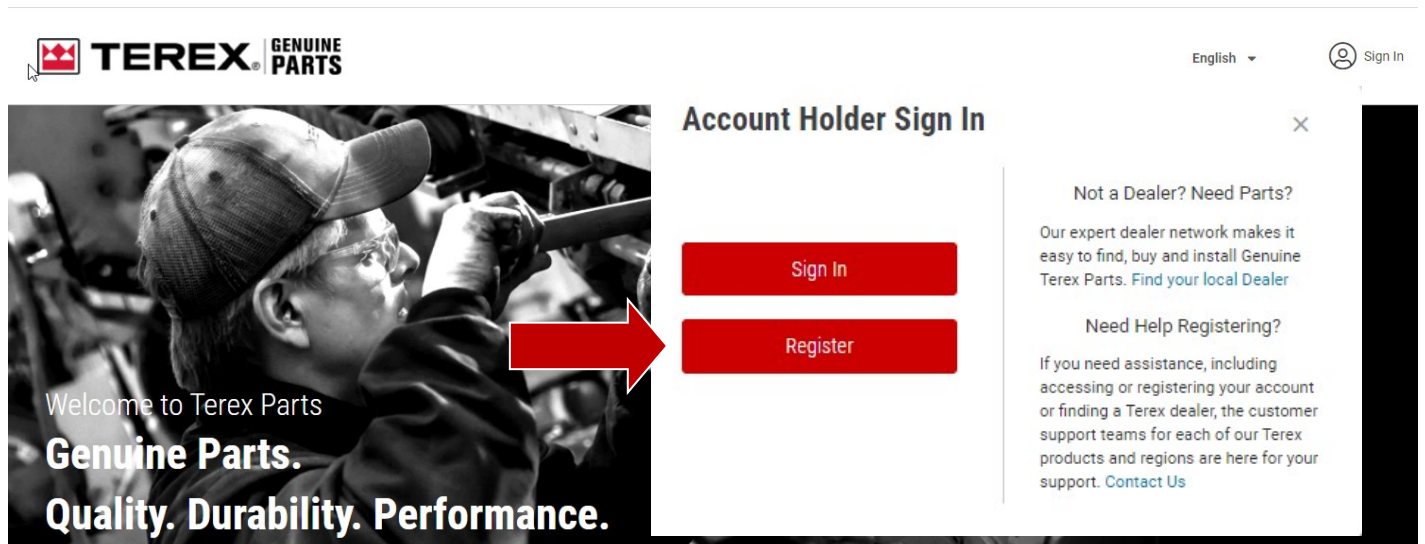

To Register – Navigate to your preferred platform and use the ‘Register’ button to start the request.

Current platforms using Terex Single Sign-On include:

- Customer Portals for Terex and Terex brands
- Online Parts stores
- Warranty Portals

...with more platforms on the way!

Note: Account Requests require approval from the respective Platform and Brand owners. Please allow up to 24 Hours for access to be granted.

User Registration and Login – Single Sign-On (SSO)

Step	Action
Note	Clicking 'Register' will load a new page and begin the guided registration.
1	Indicate whether the user already has a purchasing account by choosing Yes
2	Enter Email Address click on the Continue Registration button
Note	<p>Existing Users –</p> <ul style="list-style-type: none"> Will be prompted to enter current password to proceed with Validation <ul style="list-style-type: none"> User Company, Personal and platform may be pre-populated, in the event that it is not, enter all required information Users may request additional platform access by choosing new platforms before clicking the Next button If you don't know your password – <ul style="list-style-type: none"> Use the 'Reset Password' option and begin an automated email reset. Once Reset–You will need to continue the registration process. <p>New Users–</p> <ul style="list-style-type: none"> Will be prompted to complete all of the guided steps of the process.
